## The Whys Behind the Top Cannabis Brands:

- **INHALABLES DOMINATE:** ~60% of cannabis consumers prefer using inhalable products per BDSA's ongoing Consumer Insights data, and those preferences are evident in the sales of these categories across all BDSA tracked markets. Inhalables, including flower, vape, and other concentrates, accounted for ~85% of dollar sales year-to-date 2022.
- **VAPE HOLDING STRONG:** Vape sales have accounted for ~25% of total dollars across BDSA-tracked markets YTD 2022. Vapes are the second most preferred inhalable product after flower, with 23% of cannabis consumers in adult-use and medical states citing vape as their preferred inhalable format.
- **BORDER CROSSING:** The US legal cannabis market is highly fragmented and operating across state borders is more difficult for cannabis companies than most others, but a requirement for top brands. The top five brands in BDSA's list are in at least four and as many as seven of the markets listed above.

Vapes are the second most preferred inhalable product after flower, with 23% of cannabis consumers in adult-use and medical states citing vape as their preferred inhalable format.
